1.	The Art and Science of Taxidermy workshop	May 14-15, 2025	04, 05, 08, 15
2.	7 th International Conference on Applied Zoology (ICAZ- 2024) Theme: Application of Applied Zoological Sciences to nurture Green Climate and Sustainable Development	October 22-23, 2024	04, 05, 08, 13, 14, 15, 16, 17

Events organized by Department of Zoology, University of Sargodha 2024

Sr. no	Events	Date	Relevant SGD's	Description
1.	The Art and Science of Taxidermy workshop	May 14-15, 2024	04, 05, 08, 15	<p>The Department of Zoology, University of Sargodha, in collaboration with the Department of Wildlife, Government of Punjab, organized a two-day training workshop titled <i>"Art of Taxidermy."</i> The event aimed to bridge the gap between traditional and modern approaches, offering participants practical insights into taxidermy techniques. Distinguished guests included Prof. Dr. Qaisar Abbas, Vice Chancellor UOS, and Dr. Shabana Naz from GCU Faisalabad. Experts from WWF and the Wildlife Department, including Mr. Shahid Iqbal and Dr. Misbah Sarwar, delivered informative sessions on specimen preparation, mounting, and preservation techniques.</p> <p>The <i>"Art of Taxidermy"</i> workshop provided students and participants with valuable hands-on experience in the scientific preservation of animal specimens. Such training enhances practical skills in zoological studies, wildlife management, and biodiversity conservation. Moreover, it fostered collaboration between academia and conservation organizations, promoting interdisciplinary learning and encouraging responsible wildlife preservation practices.</p>
2.	7 th International Conference on Applied Zoology (ICAZ- 2024) Theme: Application of Applied Zoological	October 22-23, 2024	04, 05, 08, 13, 14, 15, 16, 17	<p>The 7th International Conference on Applied Zoology (ICAZ-2024), themed <i>"Application of Applied Zoological Sciences to Nurture Green Climate and Sustainable Development,"</i> served as a significant platform for researchers, academicians, and professionals to discuss innovative approaches in zoological sciences that contribute to environmental sustainability. The conference highlighted the vital role of</p>

	<p>Sciences to nurture Green Climate and Sustainable Development</p>			<p>zoology in addressing global challenges such as climate change, biodiversity loss, and ecosystem management. This conference provided an opportunity for knowledge exchange on wildlife conservation, environmental protection, and the use of zoological sciences in developing sustainable solutions for a healthier planet. Moreover, it fostered collaborations among Department of Zoology, University of Sargodha, scientists, and conservationists to support a greener and more resilient future.</p>
